Campus Workgroup

The Office of the President has convened a systemwide task force to look at policies and procedures in the guidelines as they apply to UCOP. UCSF has representation on this task force.

UCSF has convened a campus workgroup because the new guidelines have campus-wide impacts as well. The UCSF Federal Uniform Guidance Implementation workgroup has been charged to:

1. Identify necessary policy and procedure changes on our campus to implement the new guidelines;
2. Draft policy and guideline changes and obtain necessary approvals to implement these changes;
3. Work with IT resources to provide necessary changes to systems necessary for implementing the new guidance;
4. Create education materials and outreach mechanisms to prepare campus for the changes ahead;

The workgroup will engage the campus community in evaluating and addressing any policy and procedure issues resulting from the guidelines.
