Distinguished Achievement Awards and Honorary Societies

The EVCP Office encourages recommendation of deserving colleagues and acknowledges those who have received distinguished awards. For information on Distinguished Achievement Awards and Honorary Societies:
http://evcprovost.ucsf.edu/distinguished-awards.

Other Special Funding Opportunities

Below is a list of special funding opportunities. Please click the associated link in the table for more information on either the application or nomination process for a specific funder. The goal of this resource is to encourage grant submission to funding opportunities outside of the more typical NIH streams and to encourage recommendation of deserving colleagues for distinguished awards. Note that a larger list of distinguished awards can be found through the EVCP link in the above section.

If you intend to submit an application or nomination to an opportunity listed here, please inform us by sending an email here.
