UCSF Recognizes Its Research Administrators with RA Day September 18th 2019 Celebration

Research Administration Appreciation Day

Join the campus in celebrating the national Research Administration (RA) Appreciation Day! The day is officially designated as September 25. We want to take a moment to say thank you for making the UCSF global research enterprise a success!

If you receive support from a Research Administrator, we encourage you to show your appreciation. A great tool to do so is UCSF Recognize!

If you are a Research Administrator, we encourage you to come out to our annual recognition event. We will be celebrating on Wednesday, September 18, at 3:00 p.m. following the conclusion of the RA Town Hall in the atrium outside Byers Auditorium, Genentech Hall at Mission Bay. We will celebrate with refreshments, as well as disburse a token of appreciation for the invaluable contributions you make to the UCSF research enterprise.
