Attention NSF FastLane and Research.gov Users - Have You Migrated Your NSF Account

Apr 17, 2018

Effective March 26, 2018, NSF implemented a new account management system for FastLane and Research.gov.

New Functionality

- Users can create and self-manage accounts (personal information and role requests).
- Administrators will now approve/disapprove role requests, assign and remove roles.

Existing NSF Accounts

- Existing account holders are advised to login to FastLane/Research.gov to initiate migration of their account to the new account management system.
- Account holders will be asked to verify information to be transferred to the new system.
- Each user can have only one NSF ID.
- Account migration is targeted for completion by May 1, 2018.

Helpful Links

- Existing users can go to the NSF ID Lookup Page to find their NSF ID.
- If you have an NSF ID and forgot your password, click here.
- New users can register here, after first checking the NSF ID Lookup Page

Planned Releases

- This new account management functionality is being released first to the Administrator, PI, AOR, SPO, GRFP Coordinating Official, and Award Cash Management Service (ACM$) groups.
- NSF plans to eventually expand the new functionality in the future to additional groups including proposal reviewers, SRFP applicants, and NSF staff.

Questions
- System-related questions should be directed to the NSF Help Desk at 1-800-381-1532 or rgov@nsf.gov
- Policy-related questions should be directed to policy@nsf.gov
- For UCSF FastLane/Research.gov Administrators, contact OSRinfo@ucsf.edu
