New Online Training Module for the Vertebrate Animals Section (VAS) of NIH Applications

Aug 4, 2020

NOT-OD-16-006 announced and described the changes implemented to simplify and remove redundancies in the Vertebrate Animals Section (VAS) for NIH grant, cooperative agreement, and contract applications. The Office of Laboratory Animal Welfare (OLAW) recently released an online training module for the VAS that can be completed in 20-30 minutes. The module provides:

- An overview of the requirements
- A checklist for applicants and reviewers
- Detailed instructions

The VAS Training Module and more details can be found on the OLAW webpage for the Vertebrate Animals Section (VAS).
