

How to get the URL to a customized bibliography from MyNCBI (Collections)

contributed by Ray Herrman

To obtain the URL link from MY NCBI (Collections):

- Log onto MY NCBI
- Navigate to MyBibliography
- If you would like to create a custom bibliography URL, click on "Manage My Bibliography"
 - Select all papers you want included in the URL, and click "View"
 - Click "Send to:"
 - Click "Collections", add to collections
 - "Create a new collection"
 - Name it and be sure to make it public – once you make new collection public you will be given the URL for a custom bibliography
 - Use this URL to paste into the NIH New Biosketch
